PHILIP MORRIS U.S.A.

INTEROFFICECORRESPONDENCE

Richmond, Virginia

To: Lewis M. Cummings **Date:** January 17, 2003

From: Richard P. Solana

Subject: **External Research Program Documents**

Some of the documents Philip Morris USA is receiving under the Philip Morris External Research Program are proprietary to the investigator, and are classified as "Restricted" under the definition of the Philip Morris Records Management Policy. These documents include the proposals, the Science Advisory Board Summary Reviews, and the five- and ten-month progress reports (exceptions: see paragraph below).

The following persons or groups have access to the Philip Morris External Research Program restricted documents: VP of WSA; Manager, Programs and Planning, and immediate staff (PM USA employees only); PM ERP Monitors; and Research Management Group.

The following documents associated with the External Research Program are not classified, as of the date of this memo, under the PM USA Records Management Policy: Agreements, invoices and budgets, final reports, Executive Summaries of progress reports, Research Abstract, Management reports, and correspondence (unless the correspondence contains proprietary information belonging to the PI).
